Application for de-listing from Oslo Børs

Oslo, Norway, 10 February, 2009 An unanimous general meeting of Wavefield Inseis ASA has today resolved to apply for de-listing of the shares in Wavefield Inseis ASA from Oslo Børs, and the company has today sent such application to Oslo Børs.

Minutes from the extraordinary general meeting in Wavefield Inseis ASA is **enclosed**.

About Wavefield Inseis ASA

Wavefield Inseis ASA is a Norwegian marine geophysical company providing proprietary data acquisition services and offers a portfolio of non-exclusive Multi Client data to the global exploration community, developed in partnership with oil companies and governments. Our range of products includes long offset 2D, high capacity 3D, 4D, Multi-azimuth and Wide-azimuth data acquired with highly specified vessels and the latest seismic equipment, including our OPTOWAVE™ multi-component ocean bottom cable (4C OBC) system for permanent seismic 4D monitoring that uses optical sensor technology. We are also in the process of launching a new concept for EM acquisition and data analysis. From our main offices in Bergen and Oslo, Norway, and our other locations in London, Houston, Singapore and Perth, Wavefield Inseis has a global reach, with activities world wide.
