Upon presentation of the report of the Board of Directors, voting under the conditions of quorum and

majority required for ordinary general meetings, the shareholders authorize the Board of Directors, pursuant to article L.225-209 and seq. of the French Commercial Code and to the European Commission regulation N° 2273/2003, with the ability to subdelegate, to purchase, sell and transfer Company shares under the conditions set forth herein under.

These transactions may be carried out at any time but not during a take-over bid process, in accordance with the applicable regulations. The maximum purchase price per share shall be €40 (acquisition costs excluded), subject to any adjustments to be made in connection of transactions carried out on the share capital of the Company and/or the par-value of the shares.

In case of increase of capital by incorporation of reserves, issue of performance shares, division or regrouping of par-value of the shares, the above mentioned price shall be adjusted by a multiplying factor equal to the number of shares forming the share capital before the transaction divided by such number after the transaction.

The maximum number of shares that the Company may hold shall not exceed at any time 10 % of the capital. For information only, as of December 31, 2014, the Company held 800,000 treasury shares out of an aggregate amount of the 177,065,192 shares constituting the Company share capital. In such conditions, the maximum amount of shares that the Company could purchase would be 16,906,519 shares, corresponding to a maximum investment of €676,260,760. Notwithstanding the above, pursuant to article L.225-209, paragraph 6, of the French Commercial Code, the number of shares to be acquired in order to be kept and delivered in the future in payment or exchange in the scope of a merger, demerger or contribution in kind shall not exceed 5% of the share capital.

The objectives of this share purchase program are the following:

- to support liquidity of our shares through a liquidity contract entered into with an investment service provider in compliance with the Code of Practice of the French *Autorité des Marchés Financiers*,
- to deliver shares in the scope of securities giving access, immediately or in the future, to shares by redemption, conversion, exchange, presentation of a warrant or by any other means,
- to deliver, immediately or in the future, shares in exchange in the scope of external growth within the limit of 5% of the share capital,

- to deliver shares for no consideration to executive officers and employees pursuant to articles L. 225-197-1 and seq. of the French Commercial Code,
- cancel the shares through a capital reduction, subject to a decision of, or an authorization, by the extraordinary general meeting.

In accordance with such objectives, the treasury shares so acquired may be either kept, cancelled, sold or transferred. The shares may be acquired, sold or transferred, on one or several occasions, by any means, including by individual agreement or stock market purchase, by an offer to buy, or by block of shares and at any moment, but not during a take-over bid. The maximum amount of share capital that can be purchased or transferred as block of shares can reach the whole amount of this program.

The shareholders grant all necessary powers to the Board of Directors, with ability to sub-delegate, to adjust the price per share and the maximum number of shares to be acquired based on the variation of the number or value of the shares.

This authorization, which supersedes all prior authorizations relating to the purchase of Company shares, cancels and replaces, for its non-used portion, the authorization granted to the Board of Directors by the General Meeting held on June 4, 2014, in its 8th resolution. This authorization shall

remain valid until the shareholders decide otherwise and for a maximum period of 18 months from this day.

II - FALLING UNDER THE AUTHORITY OF THE EXTRAORDINARY GENERAL MEETING

TWENTY SECOND RESOLUTION

(Delegation of authority to the Board of Directors to increase the share capital through the issue of shares, or any other securities giving access to the share capital, with preferential subscription rights in favor of holders of existing shares)

After reviewing the report of the Board of Directors and the special report of the Statutory Auditors, the General Meeting, deciding under the quorum and majority requirements for extraordinary shareholders' meetings, hereby delegates to the Board of Directors, pursuant to articles L.225-129-2, L. 228-91 and L.228-92 of the French Commercial Code, its authority to carry out an increase in capital, on one or several occasions, in the proportion and at the time determined by the Board, in France and abroad, subject to the preferential right to subscribe in favor of the holders of existing shares:

- a) by issuing shares in accordance with article 6 of the Company's by-laws;
- b) by issuing securities, giving the right to their holder by any means, immediately or in the future, at the option of the Company and/or the holder, through conversion, exchange, redemption, exercise of warrants or any other means to the transfer in his favor, at any time or upon set dates, to receive equity securities of the Company, outstanding or to be issued at a later date. These securities may be bonds or be associated with the issue of bonds, or even provide for the issue of bonds as intermediate securities. They may be issued in the form of subordinated securities with a fixed or undetermined duration, and may be denominated in Euros, in foreign currencies or in any monetary units determined by reference to several currencies;
- c) by implementing (a) and (b) simultaneously.

The General Meeting decides that the nominal aggregate amount of the capital increases which may result either immediately or in the future from the issues authorized and delegated hereby, may not exceed thirty five million (35,000,000) euros (i.e. as of the date of this general meeting, 50% of the share capital, corresponding to the issue of eighty-seven million five hundred thousand (87,500,000) new ordinary shares) to which will be added, as the case may be, any additional number of shares to be issued in accordance with laws, regulations or, as the case may be, contractual provisions, in order to protect the rights of holders of the securities granting access to shares of the Company. It is specified that the aggregate amount of debt securities that may be issued pursuant to this resolution shall not exceed one billion two hundred million (1,200,000,000) euros or its equivalent in any other currency or monetary unit determined by reference to several foreign currencies on the date of issue.

The General Meeting decides that the issue price of said securities will be paid up either in cash or by means of an offset with certain, due and payable receivables or, in whole or in part, by capitalization of reserves, profits or issue premium. However, in the event of the issue of securities represented by warrants, the said issue may take place either through an offer to subscribe under the foregoing conditions or through a free allocation of such warrants to the holders of existing shares.

Holders of existing shares, at the time of the issue of securities referred to in (a) and (b) above, shall have an irreducible preferential right to subscribe for the new securities so issued, in proportion to the number of shares they then own, the Board of Directors shall set on the occasion of each issue pursuant to the applicable statutory provisions, the conditions and limits under which the shareholders may exercise their irreducible right to subscribe.

The Board of Directors may institute for the benefit of the shareholders a reducible right to subscribe, proportional to their rights and within the limits of their request.

If the irreducible rights to subscribe and, where appropriate, the reducible rights to subscribe, do not cover the whole of an issue of shares and securities, the Board of Directors may decide to offer all or part of them in a public offering.

As the case may be, the issue of securities giving access to the share capital of the Company includes as of right, in favor of the subscribers to securities, the waiver by the holders of existing shares of their preferential right to subscribe to securities representing a share of the capital to which the said securities will give immediate or deferred access.

The extraordinary general meeting authorizes the Board of Directors to charge the expenses relating to the capital increases to the issue premium of such capital increases and to deduct from such premiums the amounts necessary to raise the legal capital reserve to the statutory one tenth of the new stated capital after each capital increase.

The Board of Directors will not be entitled to use this delegation of authority, without prior approval of the general meeting, from the filing by a third party of a public offer project over the Company's shares, and until the end of the offer period.

The present authorization, which supersedes all prior authorizations relating to the issue, with preferential subscription rights, of shares and/or securities, granting their holders an immediate or deferred access to a portion of the share capital of the Company, cancels and replaces, for its non-used portion, the authorization granted to the Board by the Combined General Meeting held on May 3, 2013 in its 18th resolution. This authorization shall remain valid for a period of twenty-six (26) months from the date of this Meeting.

TWENTY-THIRD RESOLUTION

(Delegation of authority to the Board of Directors to increase the share capital through the issue of shares, or any other securities giving access to the share capital, without preferential subscription rights in favor of holders of existing shares through a public offer)

After reviewing the report of the Board of Directors and the special report of the Statutory Auditors, the General Meeting, deciding under the quorum and majority requirements for extraordinary shareholders' meetings, hereby delegates to the Board of Directors, pursuant to articles L.225-129-2, L.225-135, L.225-136, L.228-91 and L.228-92 of the French Commercial Code, its authority to decide and to carry out, on one or several occasions, in proportion and time period determined by the Board, in France and abroad, without preferential subscription rights, increase in capital through the issue of securities through a public offer.

These securities may be issued in the form of:

- a) new shares in accordance with article 6 of the Company's by-laws;
- b) by issuing securities, giving the right to their holder by any means, immediately or in the future, at the option of the Company and/or the holder, through conversion, exchange, redemption, exercise of warrants or any other means to the transfer in his favor, at any time or upon set dates, to receive equity securities of the Company, outstanding or to be issued at a later date, by public offer (i.e. any offer including a public offer). These securities may be bonds or be associated with the issue of bonds, or even provide for the issue of bonds as intermediate securities and the subscription of these securities will be paid up either in cash or by an offset with receivables). They may be issued in the form of subordinated securities with a fixed or undetermined duration, and may be denominated in Euros, in foreign currencies or in any monetary units determined by reference to several currencies;
- c) by implementing a) and b) simultaneously.

Those securities may be issued in order to compensate shares in the course of a public offer of exchange which concerns shares conforming to the conditions specified under article L.225-148 of the French Commercial Code and within the limits set forth by this resolution.

The General Meeting decides that the nominal amount of the capital increases which may result either immediately or in the future from the issues authorized and delegated hereby, may not exceed seven million (7,000,000) euros (i.e. as of the date of this General Meeting, 10% of the share capital corresponding to the issue of seventeen million five hundred thousand (17,500,000) new ordinary shares) such amount being included into the aggregate amount as determined for general increase in capital pursuant to the 22nd resolution, to which will be added, as the case may be, any additional number of shares to be issued in order to protect, in accordance with the laws, regulations or, as the case may be, contractual provisions, the rights of holders of the securities granting access to shares of the Company. It is specified that the aggregate amount of debt securities that may be issued pursuant to this resolution shall not exceed three hundred and sixty million (360,000,000) euros or its equivalent in any other currency or monetary unit determined by reference to several foreign currencies on the date of issue, such amount being included into the aggregate amount relating to debt securities, as determined in the 22nd resolution.
