Having heard the report of the Board of Directors, the Ordinary General Meeting authorizes the Board of Directors, pursuant to article L. 225-209 and seq. of the Commercial Code, to purchase, sell and transfer Company shares under the conditions set forth herein under.

These transactions may be carried out at any time but not during a take-over bid process, in accordance with the applicable regulations. The maximum purchase price per share shall be € 300 (acquisition costs excluded), subject to any adjustments to be made in connection of transactions carried out on the share capital of the Company and/or the par-value of the shares.

In case of increase of capital by incorporation of reserves, issue of performance shares, division or regrouping of par-value of the shares, the above mentioned price shall be adjusted by a multiplying factor equal to the number of shares forming the share capital before the transaction divided by such number after the transaction.

The maximum number of shares that the Company may hold shall not exceed at any time 10 % of the capital. For information only, as of December 31, 2007, the Company held 42,769 treasury shares out of an aggregate amount of the 27,450,758 shares constituting the company share capital. In such conditions, the maximum amount of shares that the Company could purchase would be 2,702,306 shares, corresponding to a maximum investment of € 810,691,800. Notwithstanding the above, pursuant to article L. 225-209, paragraph 6, of the Commercial Code, the number of shares to be acquired in order to be kept and delivered in the future in payment or exchange in the scope of a merger, demerger or contribution in kind shall not exceed 5% of the share capital.

- to deliver shares for no consideration to executive officers and employees pursuant to articles L. 225-197-1 and seq. of the Commercial Code,
- cancel the shares through a capital reduction, subject to a decision of, or an authorization, by the extraordinary general meeting.

In accordance with such objectives, the treasury shares so acquired may be either retained, cancelled, sold or transferred. The shares may be acquired, sold or transferred, on one or several occasions, by any means, including by individual agreement or stock market purchase, by an offer to buy, or by block of shares and at any moment, but not during a take-over bid. The maximum amount of share capital that can be purchased or transferred as block of shares can reach the whole amount of this program.

This authorization cancels, for its non-used portion, and replaces the authorization granted to the Board of Directors by the General Meeting held on May 10, 2007, in its twelfth resolution. This authorization shall remain valid until the shareholders decide otherwise and for a maximum period of eighteen months from this day.

II - FALLING UNDER THE AUTHORITY OF THE EXTRAORDINARY GENERAL MEETING

ELEVENTH RESOLUTION

(Delegation of authority to the Board of Directors to increase the share capital through the issue of shares, or any other securities giving access to the share capital, with preferential subscription rights in favor of holders of existing shares)

After reviewing the report of the Board of Directors and the special report of the Statutory Auditors, the General Meeting, with the quorum and voting majority required for extraordinary general meetings, hereby delegates to the Board of Directors, pursuant to article L.225-129-2, L. 228-91 and L.228-92 of the Commercial Code, its authority to carry out an increase in capital, on one or several occasions, in the proportion and at the time determined by the Board, in France and abroad, subject to the preferential right to subscribe in favor of the holders of existing shares,

- a) by issuing shares in accordance with article 6 of the by-laws.
- b) by issuing securities, giving the right to their holder by any means, immediately or in the future, at the option of the Company and/or the holder, through conversion, exchange, redemption, exercise of warrants or any other means to the transfer in his favor, at any time or upon set dates, to receive equity securities of the Company, outstanding or to be issued at a later date. These securities may be bonds or be associated with the issue of bonds, or even provide for the issue of bonds as intermediate securities. They may be issued in the form of subordinated securities with a fixed or undetermined duration, and may be denominated in Euros, in foreign currencies or in any monetary units determined by reference to several currencies.
- c) by implementing (a) and (b) simultaneously.

The General Meeting decides that the nominal aggregate amount of the capital increases which may result either immediately or in the future from the issues authorized and delegated hereby, may not exceed fifty-four (54) million euros (i.e. 100% of the share capital as of the date of this general

meeting, corresponding to the issue of twenty-seven (27) million new ordinary shares) to which will be added, as the case may be, any additional number of shares to be issued in accordance with law, in order to protect the rights of holders of the securities granting access to shares of the Company. It is specified that the aggregate amount of debt securities that may be issued pursuant to this resolution shall not exceed six hundred (600) million euros or its equivalent in any other currency or monetary unit determined by reference to several foreign currencies on the date of issue.

The General Meeting decides that the issue price of said securities will be paid for in cash or by means of an offset of accrued receivables due and payable. However, in the event of the issue of securities represented by warrants, the said issue may take place either through an offer to subscribe under the foregoing conditions or through a free allocation of such warrants to the holders of existing shares.

Holders of existing shares at the time of the issue of securities referred to in (a), (b) above shall have an irreducible preferential right to subscribe for the new securities so issued, in proportion to the number of shares they then own, the Board of Directors shall set on the occasion of each issue pursuant to the applicable statutory provisions, the conditions and limits under which the shareholders may exercise their irreducible right to subscribe.

The Board of Directors may institute for the benefit of the shareholders a reducible right to subscribe, proportional to their rights and within the limits of their request.

If the irreducible rights to subscribe and, where appropriate, the reducible rights to subscribe, do not cover the whole of an issue of shares and securities, the Board of Directors may decide to offer all or part of them in a public offering.

As the case may be, the issue of securities giving access to the share capital of the Company includes as of right, in favor of the subscribers to securities, the waiver by the holders of existing shares of their preferential right to subscribe to securities representing a share of the capital to which the said securities will give immediate or deferred access.

The General Meeting authorizes the Board of Directors to charge the expenses relating to the capital increases to the issue premium of such capital increases and to deduct from such premiums the amounts necessary to raise the legal capital reserve to the statutory one tenth of the new stated capital after each capital increase.

The present authorization, which supersedes all prior authorizations relating to the issue, with preferential subscription rights, of shares and/or securities, granting their holders an immediate or deferred access to a portion of the share capital of the Company, cancels for the remaining period and replaces the authorization granted to the Board by the General Meeting held on May 10, 2007 in its fourteenth resolution. This authorization shall remain valid for a period of twenty-six months from the date of this Meeting.

TWELFTH RESOLUTION

(Delegation of authority to the Board of Directors to increase the share capital through the issue of shares, or any other securities giving access to the share capital, without preferential subscription rights in favor of holders of existing shares)

After reviewing the report of the Board of Directors and the special report of the Statutory Auditors, the General Meeting, with the quorum and voting majority required for extraordinary general meetings, hereby delegates to the Board of Directors, pursuant to article L.225-129-2 and L.228-92 of the Commercial Code, its authority to decide to carry out, on one or several occasions, in proportion and time period determined by the Board, in France and abroad, without preferential subscription rights, increase in capital through the issue of securities.

These securities may be issued in the form of:

- a) shares in accordance with article 6 of the by-laws.
- b) by issuing securities, giving the right to their holder by any means, immediately or in the future, at the option of the Company and/or the holder, through conversion, exchange, redemption, exercise of warrants or any other means to the transfer in his favor, at any time or upon set dates, to receive equity securities of the Company, outstanding or to be issued at a later date.

These securities may be bonds or be associated with the issue of bonds, or even provide for the issue of bonds as intermediate securities. They may be issued in the form of subordinated securities with a fixed or undetermined duration, and may be denominated in Euros, in foreign currencies or in any monetary units determined by reference to several currencies.

c) by implementing a) and b) simultaneously.

Those securities may be issued in order to compensate shares in the course of a public offer of exchange which concerns shares conforming to the conditions specified under article L.225-148 of the Commercial Code and within the limits set forth by this resolution.

It is specified that the aggregate amount of debt securities that may be issued pursuant to this resolution shall not exceed eighty (80) million euros or its equivalent in any other currency or monetary unit determined by reference to several foreign currencies on the date of issue, such amount being included into the aggregate amount relating to debt securities, as determined in the eleventh resolution.

As the case may be, the issue of securities giving access to the share capital includes as of right, in favor of the subscribers to securities, the waiver by the holders of existing shares of their preferential right to subscribe to securities representing a share of the capital to which the said securities will give immediate or deferred access.

The General Meeting authorizes the Board of Directors to charge the expenses relating to the capital increases to the issue premium of such capital increases and to deduct from such premiums the amounts necessary to raise the legal capital reserve to the statutory one tenth of the new stated capital after each capital increase.

The issue price of any security giving access to the share capital shall be determined so as to ensure that any sum received immediately by the Company increased, as the case may be, by any sum that the Company may perceive subsequently, be at least equal to the share price issue defined hereinabove, for any share issued as a consequence of the issue of such securities.

The amount of such capital increase shall be included into the maximum amount set forth by the twelfth resolution and the maximum aggregate amount set forth by the eleventh resolution.
