**Statement on the allocation, subject to performance conditions, of stock-options and performance shares to the Chief Executive Officer**

Paris, September 17, 2018

The Board of Directors of CGG met on June 27, 2018, to decide in particular upon the allocation, subject to performance conditions, of stock-options and performance shares, to the Chief Executive Officer.

These allocations were decided as follows by the Board of Directors upon proposal of the Appointment-Remuneration Committee, based on the authorization granted by the General Meeting held on April 26, 2018:

***Allocation of stock-options subject to performance conditions***

The Board of Directors decided to allocate:

- 732,558 stock-options subject to performance conditions to Mrs. Sophie ZURQUIYAH, Chief Executive Officer.

Rights to these options vest by four batches during the first four years of the plan. Such vesting is subject to the fulfillment of performance conditions based on the increase of the CGG share price.

The subscription price of these options is set at €2.15, which corresponds to the average of the opening share market price over the twenty stock market sessions preceding the Board of Directors' meeting held on June 27, 2018.

The options have an eight-year duration.

In addition, pursuant to section L.225-185 of the commerce code, the Board of Directors decided that the number of shares resulting from the exercise of stock-options that the Chief Executive Officer is to keep under the registered form during her term should represent 20% of the net gain made by the latter on the purchase price when exercising the options allocated by the Board of Directors on June 27, 2018.

Finally, unless in specific cases listed in the plan regulation (disability, dismissal other than for serious or gross misconduct...), all vested rights are lost upon departure from the Group if they have not been exercised before expiry of the notice period.

***Allocation of performance shares subject to performance conditions***

The Board of Directors decided to allocate, subject to performance conditions:

- 157,500 performance shares to Mrs. Sophie ZURQUIYAH, Chief Executive Officer.

The allocation period is set as follows:

- The allocation period for the first batch, representing 50% of the number of shares allocated, will expire at the latest of the two following dates: June 27, 2020 or the date of the Annual Shareholders' Meeting convened to approve the financial statements for fiscal year 2019. The shares are definitively allocated to the beneficiary at the end of this allocation period provided the conditions set forth by the Board of Directors are complied with (the "Allocation period of the first batch");
- The allocation period for the second batch, representing 50% of the number of shares allocated, will expire at the latest of the two following dates: June 27, 2021 or the date of the Annual Shareholders' Meeting convened to approve the financial statements for fiscal year 2020. The shares are definitively allocated to the beneficiary at the end of this allocation period provided the conditions set forth by the Board of Directors are complied with (the "Allocation period of the second batch").

These performance conditions are based on the achievement of return on capital employed and balance sheet structure objectives over fiscal years 2018, 2019 and 2020.
