4.2 REMUNERATION

4.2.1 Remuneration policy for corporate officers

This remuneration policy has been established in accordance with the provisions of Article L. 22-10-8 of the French Commercial Code.

As of the date of this report, the Company's corporate officers are Philippe SALLE, Chairman of The Board of Directors and Sophie ZURQUIYAH, Chief Executive Officer of the Company, as well as all the members of the Board of Directors ("the Directors").

For the purposes of this report and pursuant to the provisions of the Corporate Governance Code of Listed Corporations (hereinafter "the AFEP-MEDEF Code"), "executive corporate officers" shall mean the Chief Executive Officer. The executive corporate officers, the Chairman of the Board of Directors and the Directors are collectively referred to as "corporate officers".

4.2.1.1 Information relating to all corporate officers

a) Decision-making process and general principles

Determination of the remuneration policy

The remuneration policy for corporate officers is determined by the Board of Directors on the recommendation of the Appointment, Remuneration and Governance Committee. This policy is regularly reviewed and discussed by the Board of Directors in order to be in accordance with the corporate interest of the Company, contribute to its sustainability and be in line with its business strategy.

The Company has defined its corporate social responsibility via four cornerstones which form the heart of the Company's day-to-day focus – its employees, its sustainability as a company, the fight against corruption, and the environment. Through an ongoing and forward-looking approach, every effort has been made to identify, prevent, manage and resolve all risks linked to these four fields, both at a site and/or project level as well as at the level of governance bodies. These key areas of focus are at the foundations of the Company's commercial strategy, which is defined via promotion and development objectives within the industry, building long-term relationships, developing alliances with major clients and partners, and on a global level, sustaining operational performance. These various elements are implemented by ensuring the Company attracts and retains key skills in a stimulating work environment while maintaining the health and safety of all.

As such, the remuneration policy complies with the following general principles, which are established in accordance with the AFEP-MEDEF Code recommendation to which the Company refers specifically:

- **balancing principle:** Care is taken to ensure that there is a good balance between the different components of the remuneration package and that none of its elements is disproportionate;
- **comparability principle:** The positioning of the remuneration of the Company's corporate officers is regularly reviewed in relation to that of companies in the sector and comparable markets, on the basis of studies carried out by specialized external firms. Thus, the Group's practices are consistent and competitive with market

practices to ensure the retention of key executives and to support the Company's business strategy;

- **principle of interest alignment and link to performance:** In general, the Board of Directors and the Appointment, Remuneration and Governance Committee pay particular attention to ensuring that the remuneration policy for executive corporate officers is in line with the Company's performance and oriented towards the creation of long-term value (quantifiable criteria) as well as Group's strategic priorities and corporate social and environmental responsibility (qualitative criteria). Consequently, the main purpose of the remuneration policy is to encourage the achievement of ambitious strategic objectives by setting demanding short, medium and long-term performance criteria.

The global remuneration policy for executive corporate officers focuses on the variable portion of remuneration, which is at risk for the beneficiary. Thus, their remuneration structure includes a significant variable component aimed at aligning executive remuneration more directly with the Group's business strategy and social purpose while encouraging performance. The long-term remuneration tools put in place by the Company also represent a significant part in linking the remuneration of the executive corporate officers to the interests of the shareholders.

Therefore, this policy makes it possible to compensate, in an appropriate manner, decision-making that creates long-term value for the Company, ensuring its sustainability. A suitable remuneration policy is essential, particularly taking into account the cyclical nature of the Group's activity, in order to attract, motivate and retain talent while generally ensuring a good level of competitiveness for remuneration packages. This dual objective of attracting and retaining talent was one of the principal strands of the general sustainable development policy across all employees.

The Group human resources policy enables employees to benefit from a working environment and conditions that encourage professional achievement, in order to bring the best out of its employees. The Group aims to align the remuneration system with local practices. To that end, all employees benefit from a remuneration policy built on principles of competitiveness, attractiveness and motivation, which at the same time meets market practices and encourages improvement in Company's performance in order to serve both the Company's commercial strategy and corporate purpose (please refer to Chapter 3 "Statement on non-financial performance" of this Document for more details).

The Company has implemented, at Group level, a short-term (one year) variable compensation policy which is broken down into various annual variable remuneration programs. In particular, the Global Performance Incentive Plan (GPIP) applies to employees in support functions, employees whose scope is global or cross-functional for several product lines, as well as to company managers. This same program applies to the Executive Leadership team as well as the Chief Executive Officer (executive corporate officer). The financial portion of the GPIP policy is based on financial objectives related to the business, which depends on each business line and which takes into account directives provided by the Board of Directors. The individual portion is based on non-financial objectives related to the Group's strategic and operational development. This

scheme ensures the alignment of the remuneration conditions applied across the Group with Company's and shareholders' interests.

Review of the remuneration policy

The Group remuneration policy is regularly reviewed, taking into account market practices and how competitors have evolved in order to ensure consistency at both a global and industry level. Concerning executive corporate officers, the Company works with specialized external firms whose comments are submitted to the Appointment, Remuneration and Governance Committee. The latter then shares its recommendations with the Board of Directors for their decision-making process.

Implementation of the remuneration policy and role of the Appointment, Remuneration and Governance Committee

The remuneration policy applicable to the corporate officers will be implemented by the Board of Directors, in compliance with applicable legal, regulatory and statutory frameworks and in respect of the general principles outlined in section 4.2.1.1.a) of this Document.

The Appointment, Remuneration and Governance Committee meets regularly to verify that the remuneration policy adopted by the General Meeting is correctly applied.

The composition and tasks of the Appointment, Remuneration and Governance Committee in determining, reviewing and implementing the remuneration policy are defined in section 4.1.3.3.b) of this Document and in the Board's Internal Rules and Regulations.

b) Application of the remuneration policy

Principle

The remuneration policy is submitted for approval at the ordinary General Meeting each year. This vote is commonly called "ex-ante vote." In the event the General Meeting does not approve the resolution, the corporate officers remuneration would be determined in accordance with the remuneration awarded for the previous financial year or, in the absence of remuneration awarded for the former financial year, in accordance with the existing practices within the Company.

Appointment of new corporate officers

The principles, criteria and elements of compensation provided for in the remuneration policy are applicable to any corporate officer appointed during the financial year.

The Board of Directors, on the recommendation of the Appointment, Remuneration and Governance Committee, will then determine, adapting them to the situation of the person concerned, the objectives, performance levels, parameters, structure and maximum percentages in relation to their fixed annual remuneration, which may not exceed those of the replaced corporate officer.

Exceptions to the application of the remuneration policy

In the event of exceptional circumstances, the Board of Directors may, in accordance with Article L. 22-10-8, III

paragraph 2 of the French Commercial Code, depart from the application of the remuneration policy when this departure is temporary, in accordance with the Company's interests and necessary to guarantee the Company's continuity or viability.

The Board of Directors will justify these adjustments in detail in view of the impact on the Company's performance and the economic consequences resulting from these exceptional circumstances. Under no circumstances may the ceiling of the annual variable remuneration be modified.

These exceptions will be strictly implemented. Indeed, the annual variable remuneration will be submitted to the vote of the shareholders at the General Meeting and may only be paid in the event of a positive vote by the latter in accordance with the provisions of Articles L. 22-10-8 and L. 22-10-34, II of the French Commercial Code.

c) Consideration of the last vote of the General Meeting

As each year, prior to the General Meeting, the Company initiates a dialogue with the main shareholders and proxy advisors to inform them of plans for the evolution of the Company's governance and corporate officer remuneration. It is on this occasion that the Company discusses the voting policies implemented at the previous meeting, in particular when these have led to negative votes or recommendations to vote against certain resolutions. The purpose of these regular exchanges is to ensure that the various expectations of stakeholders converge as much as possible on all governance issues while complying with corporate interest.

At the General Meeting of May 5, 2022, all of the resolutions submitted were approved by a large majority⁽¹⁾. The resolutions relating to "Say on Pay" compensation were largely approved at more than 80%.

Based on the dialogue initiated with the main shareholders and proxy advisors, and given the positive results obtained at the last General Meeting, the Company did not identify a necessary modification of the principles of its remuneration policy applicable to corporate officers.

d) Changes in remuneration policy

The principles of the remuneration policy for corporate officers proposed for the 2023 financial year remain aligned with that applicable in 2022.

The remuneration policy of the Chief Executive Officer is subject to the following adjustment: the derogation clause from the remuneration policy put in place due to the Covid-19 pandemic has been removed.

The remuneration policy for the Chairman of the Board of Directors remains the same, except for his remuneration for his mandate as a director, which will henceforth vary according to his presence. The directors' remuneration policy is therefore impacted only on this point (see section 4.2.1.2.c) of this Document).

(1) Only resolution 16 related to the delegation to the Board of Directors to increase the share capital by issuing shares and/or securities granting access to the share capital of the Company to the members of a company savings plan, was approved slightly below 80% (75.86%). The Company has therefore contacted the significant shareholder who voted against this mandatory resolution to understand its reasons. The shareholder explained that they voted against because of an internal policy that was stricter than the French legal provisions concerning the level of the maximum discount on the share subscription price set out under the delegation. The Company has therefore decided to review the level of the maximum discount when this resolution will be submitted at the next General Meeting in 2023.

4.2.1.2 Information relating to each corporate officer

a) Remuneration policy applicable in 2023 to the Chairman of the Board of Directors

The remuneration of the Chairman of the Board of Directors is determined in accordance with the recommendations of the AFEF-MEDEF Code and in line with remuneration practices observed in France for non-executive Chairs of Boards. It is in line with the Company's corporate interest, contributes to its sustainability and is in line with its business strategy.

In accordance with Article L. 22-10-8 of the Commercial Code, this remuneration policy will be submitted for approval by the General Meeting to be held to approve the financial statements for the financial year ending December 31, 2022.

The Chairman of the Board of Directors' functions are described in section 4.1.3.2.a) of this Document and are currently held by Philippe Salle, whose biography is presented in section 4.1.3.1.f) of this Document.

The Chairman of the Board's term of office is identical to that of the other Directors (i.e. four years) and the Chairman of the Board term of office is aligned with the Director's term of office.

Total remuneration and benefits of any kind

i. Respective Importance of Remuneration Elements

The remuneration of the Chairman of the Board of Directors consists of fixed and variable elements.

ii. Annual fixed remuneration as Chairman of the Board of Directors

The Chairman of the Board of Directors may receive a fixed annual remuneration.

For the 2023 financial year, the annual fixed remuneration of Philippe SALLE in his capacity of Chairman of the Board of Directors is maintained at €170,000 gross on an annual basis, in accordance with the decision of the Board of Directors dated March 2, 2023, following the recommendation of the Appointment, Remuneration and Governance Committee.

iii. Remuneration as Director

The Chairman of the Board of Directors may receive remuneration related to his office as Director, the amount of which is defined in the remuneration policy applicable to Directors in 2023 presented in section 4.2.1.2.c) of this Document.

In accordance with Article L. 22-10-8 of the French Commercial Code, this remuneration policy will be submitted for approval by the General Meeting to be held to approve the financial statements for the financial year ending December 31, 2022.

For the 2023 financial year, following the recommendation of the Appointment, Remuneration and Governance Committee, and subject to the approval of the 2023 General Meeting, the Chairman of the Board of Directors will not receive any fixed portion for his term of office as Director. However, it will now be proposed to allocate a variable portion of a maximum amount of €70,000 subject to an annual presence condition of at least 90%. Below 90% attendance rate, such remuneration will be paid on a *pro rata* basis.

iv. Other short-term remuneration components

Social protection plans

The Chairman of the Board may benefit from the social protection that complements the basic scheme set up for the Group's employees.

Consequently, the Chairman may benefit from an insurance plan covering death and disability risks and may also benefit from medical coverage.

For the 2023 financial year, Philippe Salle will not benefit from such plans.

Benefits in kind

The Chairman of the Board may receive benefits in kind linked to the allocation of a company car.

For the 2023 financial year, Philippe SALLE will not benefit from a company car.

v. Other forms of remuneration

The Chairman of the Board of Directors does not receive any other form of remuneration. In particular, he does not receive:

- any annual or multi-annual variable remuneration;
- any stock options or stock purchase options;
- any free or performance shares.

The Chairman of the Board of Directors does not benefit from any retirement benefits, non-compete indemnities or contractual severance payments.

b) Remuneration policy applicable in 2023 to the Chief Executive Officer

The remuneration policy applicable to the Chief Executive Officer is designed to remunerate performance, measured in the short, medium and long term. The components of this policy have different and mutually consistent objectives. Consequently, is in line with corporate interest of the Company, contributes to its long-term sustainability and is in line with its sales strategy.

To determine the remuneration of the Group's Chief Executive Officer, the Board of Directors relies on a market survey conducted by an independent firm, resulting in a benchmark panel comprising 80% of the companies in the CAC Mid 60 index (excluding companies with revenues of more than €10 billion and financial services and insurance companies). The positioning objective is at the median in terms of total remuneration (fixed, annual variable and long-term remuneration). In addition, given its exposure to the international market, the Company also regularly analyzes the positioning of the Chief Executive Officer's remuneration in light of international market studies based on panels of comparable companies.

In addition, the Board ensures that the remuneration policy for corporate officers remains consistent with that of the Group's other executives.

In accordance with Article L. 22-10-8 of the Commercial Code, this remuneration policy will be the subject of a resolution submitted for approval to the General Meeting called to approve the financial statements for the financial year ending December 31, 2022.

The position of Chief Executive Officer is described in section 4.1.2.1 of this Document and is currently held by Sophie ZURQUIYAH, whose biography is presented in section 4.1.3.1.f). Her term of office was renewed at the General Assembly held on May 5, 2022 for a period of four years until the end of the Ordinary General Meeting called to approve the financial statements for the financial year ending on December 31, 2025. Sophie ZURQUIYAH also combines her term of office as Chief Executive Officer with that of Director of the Company, the terms of which are aligned (see section 4.1.2.1.b).

Total remuneration and benefits of any kind

i. Respective importance of remuneration elements

The total remuneration package is structured in a balanced way around the three main remuneration components (fixed remuneration, annual variable remuneration, long-term remuneration):

2023 CEO REMUNERATION POLICY

2023 CEO REMUNERATION POLICY

- Long-term remuneration
- Annual variable remuneration
- Fixed remuneration

Details of the breakdown of each element of remuneration are set out in the following sections.

ii. Fixed remuneration

In accordance with the AFEP-MEDEF Code's recommendations, the Chief Executive Officer's remuneration, including its fixed portion, is reviewed annually by the Appointment, Remuneration and Governance Committee. The annual fixed remuneration is in principle only updated at relatively long intervals and the Company has not opted for an annual change. In the event of a significant increase, the reasons for this increase are explained.

To determine the annual fixed remuneration of the Group's Chief Executive Officer, the Board of Directors relied on a market study carried out by an independent firm, which resulted in a reference panel made up of 80% of the companies in the CAC Mid 60 index (excluding those generating more than ten billion euros in revenue as well as financial and insurance companies).

The annual fixed remuneration of the Chief Executive Officer is currently positioned slightly below median (-3%) of this comparison panel, used to benchmark its positioning on the French market. This amount was increased at the Annual Shareholder Meeting held on May 5, 2022.

The fixed compensation serves as a reference to determine the percentage of annual variable compensation and the valuation of the long-term compensation. Its amount is paid monthly.

For fiscal year 2023, following the recommendation of the Appointment, Remuneration and Governance Committee, the Board of Directors meeting of March 2, 2023 decided to maintain the current fixed remuneration Sophie ZURQUIYAH, at €680,400 gross on an annual basis.

iii. Annual variable remuneration

Methods of determination

The Chief Executive Officer is eligible to participate in the GPIIP short term incentive program (described in section 4.2.1.1.a) of this Document).

The Board of Directors and the Appointment, Remuneration and Governance Committee pay particular attention to ensuring that the Chief Executive Officer's annual variable remuneration policy is aligned with Company performance and focused on creating value in the long term (financial objectives) as well as the Group's strategic priorities (extra-financial objectives).

The above criteria contribute to the objectives of the remuneration policy by directly aligning executive remuneration with the Group's commercial strategy (via related to relationships with major clients and partners, promotion and development within the industry) and ESG purpose (in particular via criterion related to the governance corporate social and environmental responsibility), while encouraging operational and financial performance.

In accordance with the AFEP-MEDEF Code, and in order to ensure that they are in line with the Company's short-term strategy, the criteria for annual variable remuneration are reviewed by the Board of Directors every year, without necessarily being modified.

The variable annual remuneration of the Chief Executive Officer is broken down into two parts:

- the first part is based on quantifiable criteria (2/3);
- the second is based on qualitative criteria (1/3).

Quantifiable criteria (financial objectives) are precisely defined by the Board of Directors in relation to the Group's budgetary objectives. They may include, but are not limited to, the following: (i) the Group net cash flow, (ii) free EBITDA, (iii) the Group Segment revenues and (iv) the operating income.

Qualitative criteria (non-financial objectives) are precisely defined by the Board of Directors in relation to the annual priorities for the Group. They may, in particular, and not exclusively, concern: (i) the governance of the Group, (ii) relationships with major customers, shareholders and the financial community, (iii) social and environmental responsibility, (iv) the promotion and development of the Group in its business sector, (v) the Group's operating performance and (vi) human resources.

The Board of Directors decides on the weighting assigned to the achievement of each of the considered criteria according to the context and their importance for the Group.

The amount of variable annual target remuneration (when 100% of the quantifiable and qualitative criteria are met) set for the Chief Executive Officer is expressed as a percentage of the fixed part of the remuneration.

As an incentive to overperform on quantifiable criteria, the annual variable remuneration program allows for the payment of amounts in excess of the target remuneration. This mechanism does not apply to qualitative criteria. Therefore, annual variable remuneration may attain a maximum amount of 166.67% of the fixed remuneration.

Target objectives are not disclosed for reasons of confidentiality. Nevertheless, the rate of achievement of each of the criteria is communicated *a posteriori*.

The indicators set each year by the Board of Directors for the Chief Executive Officer apply to all Group employees eligible to GPIIP in order to ensure consistency between the variable remuneration policy for the Chief Executive Officer, senior executives and, more generally, other Group employees.

Performance criteria evaluation method

The performance evaluation for the Chief Executive Officer regarding the qualitative criteria defined by non-financial objectives is carried out by the Appointment, Remuneration and Governance Committee. The level of achievement of the criteria is assessed in the presence of the Chairman who submits his observations to the Committee.

To conclude, the Appointment, Remuneration and Governance Committee shares its recommendations with the Board of Directors in order to reach a decision.

Terms of payment

The variable portion due in respect of a given financial year is determined by the Board of Directors approving the accounts for the same financial year. Thus, in accordance with Article L. 22-10-34, II of the Commercial Code, the payment of the variable portion due in respect of the year 2023 will be subject to the approval of the *ex-post* vote by the General Meeting called in 2024 to approve the financial statements for the financial year 2023. It shall be paid in the month following the validation of this payment by the General Meeting.

There is no possibility for the Company to claim back the annual variable remuneration and there are no other possible deferral periods.

Appointment or termination of mandate

In the event of the appointment or departure of the Chief Executive Officer during the year, these same principles would apply *prorata temporis* for the period of office.

However, in the event of an appointment during the second half of the year, the performance assessment would be carried out at the discretion of the Board of Directors on a recommendation from the Appointment, Remuneration and Governance Committee.

Objectives applicable to the annual variable remuneration in 2023

For the 2023 financial year, during the meeting held on March 2, 2023, the Board of Directors has decided not to modify the annual variable remuneration system applicable to the Chief Executive Officer and has determined the structure of the annual variable remuneration of Sophie ZURQUIYAH and the applicable objectives.

The Board of Directors defined the financial objectives in relation to the Group's budgetary Objectives. The Extra-

financial objectives have been defined in relation with the annual priorities of the Group and are based on:

- the definition and implementation of the **Group strategic and financial plan** towards 2025. It includes among others the structuring and progress of our new business's initiatives, the communication of CGG's new technological profile as well as specific objectives, managed through indicators whose detailed criteria are confidential;
 - the achievement of these objectives will be assessed by the Board of Directors based on the status of our Beyond the Core Revenue path compared to our 2025 ambition and progress of CGG's strategic initiatives;
- the achievement of **business and operational objectives** with a strong focus on customer relations, market position, business models, as well as key technology projects delivery and technological differentiation of the company. It also includes cybersecurity objectives to continue to improve our protection level;
 - the achievement of these objectives will be measured based on the effective implementation of defined actions for each business line reviewed by the board;
- the **company organization, the management of employees** and talents, the key successions' management, the employee engagement, and the company attractiveness through an appealing employee value proposition (including compensation, work environment, flexible work and people development activities);
 - the achievement of these objectives will be measured based on various indicators that will be reviewed by the board including among others a voluntary attrition below a set threshold;
- the company's performance in terms of **Environmental and Social responsibility and Governance**, and the consolidation and development of new initiatives related to the energy transition. This area includes the following objectives and will be measured by the board as follows:
 - maintain Health Safety and Environment performance within industry benchmarks with no fatalities;
 - evaluate the path to 2025/2030 GHG Emission reduction and launch actions to address any potential gaps;
 - progress plans to improve the Environmental performance of our supply chain;
 - promotion of Diversity and Inclusion including among others the achievement of ambitious recruiting targets and progress toward the 2025 objective of 25.5% women in 10% of positions with greatest responsibilities.

The variable remuneration target amount is set at 100% of the fixed remuneration, split between 2/3 of financial objectives and 1/3 of extra-financial objectives. Its maximum amount is set at 166.67% of the fixed remuneration.

Variable remuneration for the 2023 financial year breaks down as follows:

Indicator	Target		Maximum	
	As a % of fixed remuneration	On a basis of 100	As a % of fixed remuneration	On a basis of 100
Financial objectives	66.67%	66.67%	133.33%	80.00%
Group net cash flow	16.67%	16.67%	33.33%	20.00%
Free EBITDA	16.67%	16.67%	33.33%	20.00%
Group Segment Revenues	16.67%	16.67%	33.33%	20.00%
Operating income	16.67%	16.67%	33.33%	20.00%
Non Financial objectives	33.33%	33.33%	33.33%	20.00%
Group strategic and financial plans management	10.00%	10.00%	10.00%	6.00%
Business and operational performance management	10.00%	10.00%	10.00%	6.00%
Organization and human resources management	3.33%	3.33%	3.33%	2.00%
ESG/HSE	10.00%	10.00%	10.00%	6.00%
OBJECTIVES TOTAL	100.00%	100.00%	166.67%	100.00%

In order to take into account the economic consequences resulting from exceptional circumstances, the Board of Directors may, after consultation with the Appointment, Remuneration and Governance Committee, modify the criteria and/or performance conditions of the annual variable remuneration. The Board will justify these adjustments in detail in view of the impact on the Company's performance and the economic consequences resulting from these exceptional circumstances. In any case, the annual variable remuneration may not exceed the maximums provided for in this policy.

iv. Remuneration allocated to the Directors

The Chief Executive Officer, who would also be a Director of the Company, does not receive any remuneration allocated to the Directors.

v. Exceptional remuneration

No exceptional remuneration may be granted to the Chief Executive Officer by the Board of Directors, except in very special circumstances.

In the event of the payment of exceptional remuneration, it will be justified and explained by the Board of Directors both in terms of the determination criteria and the amounts awarded.

In any case, the exceptional remuneration could not exceed 150% of the Chief Executive Officer's fixed remuneration.

In accordance with Article L. 22-10-34, II of the French Commercial Code, payment of such exceptional remuneration would be subject to the approval of the *ex-post* vote by the General Meeting convened to approve the financial statements for the previous financial year.

vi. Other short-term remuneration components

Social protection plans

The Chief Executive Officer may benefit from the social protection plans set up for the Group's employees.

Consequently, the Chief Executive Officer may benefit from an insurance plan covering death and disability risks.

For the 2023 financial year, this coverage will continue to be provided by the insurance policy subscribed with SwissLife.

Benefits are calculated on the basis of the contribution base consisting of gross annual remuneration.

This plan is capped and guarantees:

- the payment of temporary incapacity and 2nd category invalidity benefits up to a maximum amount of €119,295 per year in addition to social security payments;
- the risk of death according to several options at the beneficiary's choice, the maximum amount of which is set at 32 PASS in case of accidental death;
- the payment of a spouse's pension, if applicable.

The benefit limits are set by the insurance contract and depend on the marital status at the time of death and the option chosen by the beneficiaries.

Premiums are calculated in reference to the *plafond annuel de sécurité sociale* [annual social security ceiling] (PASS) and are set for the year 2023 at:

- tranche A – up to 100% of the PASS: 0.23% beneficiary premiums and 1.14% company premiums;
- tranche B – between 100% and 400% of the PASS: 1.52% beneficiary premiums and 1.57% company premiums;
- tranche C – between 400% and 800% of the PASS: 0.13% beneficiary premiums and 0.51% company premiums.

The Chief Executive Officer may also benefit from medical coverage covering medical fees.

For the 2023 financial year, this coverage will continue to be provided via an insurance policy subscribed with SwissLife.

Premiums are calculated in reference to the *plafond annuel de sécurité sociale* [annual social security ceiling] (PASS) and are set for the year 2023 at:

- a set monthly fee of €36.07 at the expense of the beneficiary and €44.09 at the expense of the Company;
- on top of which premiums are paid proportionally to earnings: tranches A and B: up to 400% of the PASS: 0.57% at the expense of the beneficiary and 0.69% at the expense of the Company.

Premiums are paid on the beneficiary's gross annual remuneration.

Premium amount and associated coverage are reviewed yearly, without necessarily being modified.

The above insurance contracts can be terminated by following standard legal procedure.

International medical insurance

The Chief Executive Officer may benefit from an international medical insurance policy due to frequent trips abroad.

Benefits in kind

The Chief Executive Officer may receive a benefit in kind related to the allocation of a company car.

For the 2023 financial year, Sophie ZURQUIYAH will benefit, as in 2022, from the social protection plans applicable to the Group's employees, from an international medical insurance subscribed by CGG Services (U.S.) Inc. of which the annual amount payable by the Company is estimated at €33,947 and from a company car which may not give rise to a benefit in kind in excess of €11,880. The cost of this international medical insurance is borne by CGG SA.

vii. Multi-year variable remuneration

The Board of Directors has decided not to use a long-term variable remuneration mechanism to be paid in cash, preferring to align the remuneration of the Chief Executive Officer with the interests of the shareholders by favoring equity instruments, which helps ensure that the remuneration policy respects the corporate interest.

However, it is specified that this type of remuneration could be considered in the event of regulatory changes or circumstances that would make the use of equity instruments restrictive or impossible. In this case, the principles and criteria described for share-based plans will be incorporated in the structuring of such multi-annual remuneration by adapting the terms and conditions.

viii. Long-term remuneration

The Board of Directors, on the recommendation of the Appointment, Remuneration and Governance Committee and with the authorization of the General Meeting, grants the Chief Executive Officer long-term remuneration which may take the form, in particular, of stock options covered by Articles L. 225-177 et seq. and L. 22-10-56 et seq. of the French Commercial Code or performance shares covered by Articles L. 225-197-1 et seq. and L. 22-10-59 et seq. of the French Commercial Code, or any other plan linked to the growth of the shares.

The long-term remuneration instruments implemented by the Company contribute to the objective of the remuneration policy

by rewarding executives' loyalty and by linking executive corporate officer remuneration to shareholder interests and more globally to the Company's corporate purpose. This policy enables the Company to reward long-term value creation ensuring its sustainability.

In addition, these plans are not reserved solely for the Group's managers; they may also benefit employees who have contributed to the Group's performance or who have strong potential for development within the Group. As a result, the long-term remuneration policy addresses the objectives to attract and retain talents included in the Group remuneration policy.

As a rule, grants are made annually in the first half of the year after the closing of the accounts for the previous financial year in the form of stock-options and/or performance shares.

No discount is applied when stock-options are granted or acquired. The purchase price is at least equal to the average share price over the twenty trading days preceding the Board's decision.

The implementation of these plans is subject to performance and presence conditions for Group executives. Thus, the Chief Executive Officer may benefit from a stock option and performance share plan subject to the fulfilment of performance conditions in respect of the following years, with an acquisition period of at least three years.

The target of the total allocation linked to long-term remuneration in shares and options is equal to 100% of the Chief Executive Officer's fixed remuneration, without being able to exceed a ceiling of 150% of this same fixed remuneration.

As for the remuneration policy approved by the General Meeting held on May 5, 2022 for the 2022 financial year, it has been proposed for the 2023 financial year that in the event of the departure of the Chief Executive Officer, a detailed justification would need to be provided.

In accordance with the provisions of the AFEP-MEDEF Code, in the event of exceptional circumstances, the performance conditions may be modified during the period in question. In this case, these amendments shall be made public after the meeting of the Board of Directors that adopted them. Changes in performance conditions must maintain the alignment of the interests of shareholders and beneficiaries. In the event of the departure of Executive Directors before the expiration of the period provided for the performance conditions assessment, the Board of Directors will decide whether to maintain all or part of their long-term remuneration. Its decision will be duly justified if this remuneration is maintained or paid.

In the event of retirement, stock-options and/or performance shares in the process of acquisition will be reduced in proportion to the time spent in service over the acquisition period and the beneficiary will remain subject to all the provisions of the plans.

The Board of Directors also decided that, in accordance with the provisions of Article L. 225-185 of the French Commercial Code;

- the quantity of shares resulting from the exercise of stock options that Sophie ZURQUIYAH is required to keep in registered form, for the duration of her mandate, should represent 25% of the amount of the net capital gain upon exercise of the options allocated by the Board of Directors, and;

- the quantity of shares resulting from the acquisition of shares that Sophie ZURQUIYAH is required to keep in registered form, for the duration of her mandate, should represent 25% of the shares allocated by the Board of Directors.

The Board of Directors determines the minimum number of registered shares resulting from the allocations that the Chief Executive Officer must keep until the end of his/her term of office. The Chief Executive Officer must, as a Director of the Company, hold at least 20,000 shares in the Company. The combination of these obligations will enable the Chief Executive Officer to hold a significant number of securities.

The obligation to keep in registered shares resulting from the allocation of performance shares and the exercise of stock-options granted applies until the value of all the shares retained in registered form represents two years of fixed and variable annual cash remuneration.

Considering the share price at the time of grant and the authorized dilution, the Board of Directors may decide to award the Chief Executive Officer a number of shares whose overall valuation will be lower than the target of the remuneration policy.

As for the remuneration policy approved by the General Meeting held on May 5, 2022 for the 2022 financial year, it is proposed for the 2023 financial year to let the possibility of reducing the number of shares allocated to the Chief Executive Officer under the long-term remuneration plan in the event of circumstances which would make the use of equity instruments constraining.

It should be noted that the long-term remuneration of the Chief Executive Officer has been positioned, for several years, below the median of companies in the comparison panel used for the positioning benchmark on the French market. In 2022, the Chief Executive Officer's allocation is slightly above the first distribution quartile of the Group's reference market.

Allocation for the 2023 financial year

For the 2023 financial year, the Board of Directors intends to maintain the same long-term remuneration policy applicable to corporate officers as in 2022 based on a mix of stock options and performance shares. These grants will be subject to a vesting period of at least three years and to demanding performance conditions linked to financial objectives defined in line with the Company Business Plan, and ESG objectives defined in line with CGG's ESG objectives for 2025-2030.

The performance conditions precisely defined by the Board of Directors will include:

For the stock options plan: a performance condition based on a growth objective of the share price of CGG in relation to the evolution of a stock market performance index of a panel of peers including the following companies in the oil sector and related fields – TGS ASA, PGS ASA, Fugro NV, Core laboratories VV, Nov Inc, MagSeis Fairfield ASA, Valaris LTD, Technip FMC PLC and Hunting - (hereinafter " benchmark ") over the acquisition period, calculated at the date of acquisition:

- CGG share growth higher than or equal to 130 % of the median growth of the benchmark index will allow 100% of CGG options to be acquired under this condition;
- CGG share growth strictly above 100% and strictly below 130% of benchmark index median growth will result in between 75% and 100% of CGG Options to be acquired under this condition on a straight-line vesting scale;

- CGG share growth equal to 100% of the median growth of the benchmark will result in 75% of CGG options to vest under this condition;

- If CGG's share price growth is strictly less than 100% of the median growth of the benchmark, no options will vest under this condition.

For free share allocation and stock option plans:

- a performance condition based on the achievement of a cumulative Free EBITDA target for the years 2023, 2024 and 2025; if the objective is not achieved, no right is acquired on this condition of attribution;

- a performance condition based on the achievement of an average net debt to EBITDAs ratio target for the full year 2025; if the objective is not attained, no right is acquired to this condition of attribution;

- a performance condition based on the achievement of an environmental, social and governance objective; if the objective is not attained, no rights are acquired under this condition of attribution. A scorecard (hereafter, "ESG Scorecard") has been defined including the following criteria and indicators:

- Social (40%) including indicators of diversity and employee engagement,
- HSE (20%) and more precisely an indicator linked to the "Total recordable case frequency" (TRCF),
- Environmental (40%) including indicators related to carbon neutrality, energy use efficiency in data centers (PUE) and carbon intensity.

For the Free EBITDA, average net debt to EBITDAs, and ESG, the thresholds for triggering the acquisition of securities are 100% of achievement of the objective that makes it possible to definitively acquire 100% of the securities under these conditions.

The maximum vesting rate for each performance criteria family may not exceed 100% of the share of the criteria family. Thus, the maximum vesting rate may not exceed 100% of the total allocation.

ix. Supplementary pension plans

Defined contribution pension plan (Article 83 of the CGI (Code général des impôts [General Tax Code]))

In order to enable the Group's senior executives to supplement the level of pension paid by the mandatory French pension plans, a supplementary funded collective pension plan has been put in place since January 1, 2005.

The Chief Executive Officer benefits from this pension plan.

This plan is capped as such and calculated with reference to the *plafond annuel de sécurité sociale* [annual social security ceiling] (PASS):

- tranche A – up to 100% of the PASS: 0.5% beneficiary contribution and 1% company contribution;
- tranche B – above 100% of the PASS and up to 400% of the PASS: 2% beneficiary contribution and 3% company contribution;
- tranche C – above 400% of the PASS and up to 800% of the PASS: 3.5% beneficiary contribution and 5% company contribution.

The contribution base consists exclusively of the gross annual remuneration for the year declared, the base salary, the annual variable remuneration and the benefits in kind (company car). This base excludes, as a matter of principle, any other element of remuneration.

Pension rights under this plan may be liquidated, at the earliest, when the beneficiary has liquidated his pension rights under the general social security scheme.

The above plan can be terminated by following standard legal procedure.

For the 2023 financial year, Sophie ZURQUIYAH will benefit from the above-mentioned defined contribution pension plan. The estimated amount for the 2023 financial year is €20,774, of which €12,341 to be borne by the Company.

Alternative pension plan

The Board of Directors may decide to set up an alternative retirement plan for the benefit of the Chief Executive Officer, giving preference to defined contribution plans or any other similar mechanism, depending on legislative and regulatory developments.

This plan would be subject to the fulfillment of demanding performance conditions defined by the Board of Directors, in accordance with the legislation in force and with the recommendations of the AFEP-MEDEF Code to which the Company refers.

x. Individual unemployment insurance

The Chief Executive Officer, not benefiting from an employment contract, is not subject to common right legislation concerning remuneration for unemployment when he/she loses his/her job. The Board of Directors may therefore authorize the Company's entering into a specific unemployment guarantee for the Chief Executive Officer's benefit.

For the 2023 financial year, Sophie ZURQUIYAH will benefit from individual unemployment insurance. The amount to be borne by the Company is €12,043.

xi. Contractual termination indemnity in the event of departure from the Group

The Chief Executive Officer of the Company may benefit from a contractual termination indemnity in the event of departure from the Group, the terms and conditions of which are defined by the Board of Directors with recommendation from the Appointment, Remuneration and Governance Committee.

The contractual termination indemnity may only be paid in the event of a forced departure (in the absence of serious or gross misconduct). The amount of this indemnity is set as the difference between (i) a gross amount equal to 200% of the annual reference remuneration of the corporate officer and (ii) any sums to which the Chief Executive Officer may be entitled as a result of the termination of his/her corporate office, in particular, the indemnity likely to be paid under the Chief Executive Officer's non-compete commitment. The total amount of the contractual termination indemnity is therefore capped at 200% of the annual reference remuneration.

The annual reference remuneration is exclusively comprised of the annual fixed remuneration paid over the 12-month period prior to the notice date, to which is added the annual average variable remuneration due over the previous three financial years before date of departure or date of notice (if applicable).

The aggregate of the contractual termination indemnity and the non-compete indemnity may under no circumstances exceed 200% of the corporate officer's Annual Reference remuneration. If the aggregate amount exceeds that amount, the contractual

termination indemnity will be reduced to the level of the aforementioned cap.

No remuneration will be paid if the Chief Executive Officer is able to exercise his/her retirement rights at the time of his/her departure.

The payment of the contractual termination indemnity is contingent on achieving a performance condition. This performance condition is defined by the Board of Directors, as the average rate of achievement of the objectives related to the Chief Executive Officer's annual variable remuneration, as measured over the three complete financial years prior to the date of the Chief Executive Officer's termination.

The above performance condition, derived from the achievement of variable remuneration performance criteria, contributes to the remuneration policy's objectives by aligning the Chief Executive Officer's remuneration with Group strategy and social purpose while encouraging operational and financial performance.

The payment of the indemnity will be contingent upon the recognition by the Board of Directors of the achievement of the above performance condition as appraised on the date of termination, following the conditions contained in the applicable legal framework.

The terms of payment and the assessment of the performance conditions of the indemnity comply with the recommendations of the AFEP-MEDEF Code.

Contractual termination indemnity in force

Sophie ZURQUIYAH benefits, as Chief Executive Officer since her appointment in 2018, from a contractual termination indemnity in the event of termination of her corporate office. As part of her renewal by the Board of Directors on May 5, 2022, this indemnity was maintained under the following terms and conditions:

- Sophie ZURQUIYAH benefits from a contractual termination indemnity in the event of dismissal, and in the event of non-renewal of her term of office within twelve months following a change of control, in the absence of any situation of failure characterized by the non-achievement of the performance conditions described below;
- no payment may be made in the event of serious or gross misconduct, regardless of the reason for departure.

The payment of the contractual termination indemnity will depend on the average rate of achievement of the objectives relating to the annual variable portion of Sophie ZURQUIYAH's remuneration for the last three financial years ended prior to the departure date, in accordance with the following rule:

- if the average achievement rate is less than 80%, no contractual termination indemnity will be paid;
- if the average achievement rate is equal to or greater than 80% and less than 90%, the contractual termination indemnity will be due at 50% of its amount;
- if the average achievement rate is equal to or greater than 90%, the contractual termination indemnity will be due on a straight-line basis between 90% and 100% of its amount.

This contractual termination indemnity will be equal to the difference between (i) a gross amount capped at 200% of the Annual Reference Remuneration and including all sums of any nature whatsoever, and on any basis whatsoever, to which Sophie ZURQUIYAH may be entitled as a result of the termination, and (ii) all sums to which she may be entitled as a result of the implementation of the non-compete commitment.

The aggregate of the contractual termination indemnity and the non-compete indemnity may under no circumstances exceed 200% of the executive corporate officer's Annual Reference remuneration. Should the combined amount of the two benefits be greater, the contractual indemnity would be reduced to the level of this cap.

It is specified that the Board of Directors must acknowledge, prior to the payment of the contractual termination indemnity, (i) that the performance conditions described above have been met and (ii) that the contractual termination indemnity complies with the recommendations of the AFEP-MEDEF Code in force at the date of the departure of the person concerned.

xii. Non-compete commitment

In order to protect the Group's interests in the event of the departure of certain senior executives, including the Chief Executive Officer, the Company provides for the application of non-compete commitments.

This commitment applies to activities involving the acquisition, processing or interpretation of geophysical data, or the provision of equipment or products designed for the acquisition, processing or interpretation of geophysical data, and involving the individual's contribution to projects or activities in the same field as those in which he or she participated within the CGG group.

In consideration for this commitment for a term defined when the agreement is entered into, the Chief Executive Officer receives remuneration corresponding to a percentage of his/her annual reference remuneration. For the determination of these elements, the Company refers to the recommendations of the AFEP-MEDEF Code and also provides for a stipulation authorizing the Board of Directors to waive the implementation of the clause upon the beneficiary's departure.

The indemnity shall be paid in instalments and shall not be payable when the person concerned claims his/her pension rights and, in any event, beyond the age of 65 years.

The non-compete commitment exists for the protection of the Group's interest, and the non-compete indemnity fulfils the imperative financial remuneration in response to the restrictions incurred. However, the Board of Directors reserves the right to unilaterally renounce the enforcement of the non-compete commitment, at the date of termination of the Chief Executive Office, in which he/she would be free from any non-compete commitments and no related financial remuneration would be owed on that basis.

Non-compete commitment in force

Sophie ZURQUIYAH is bound by a non-compete commitment which applies to activities involving services for the acquisition, processing or interpretation of geophysical data, or the supply of equipment or products designed for the acquisition, processing or interpretation of geophysical data, and involving the contribution of the person concerned to projects or activities in the same field as those in which Sophie ZURQUIYAH has participated within the CGG group.

In consideration for this commitment for a period of 18 months from the date of Sophie ZURQUIYAH's departure from the Group, she would receive a remuneration corresponding to 100% of her annual reference remuneration.

The annual reference remuneration is exclusively comprised of the annual fixed remuneration paid over the 12-month period prior to the notice date, to which is added the annual average variable remuneration due over the previous three financial years before the date of departure or the date of notice (if applicable). The indemnity would be paid in instalments and

would not be paid if the person concerned claims his/her pension rights and, in any event, beyond the age of 65.

xiii. Indemnity for starting the position

The Board of Directors may, if applicable grant an indemnity for starting the position to a new Chief Executive Officer coming from a company outside the Group in accordance with the AFEP-MEDEF recommendations. The payment of this indemnity, which may take different forms, is limited to compensating for the loss of the benefits enjoyed by the executive and must be duly substantiated.

xiv. Remuneration allocated for the office of Director

The Chief Executive Officer does not receive any compensation in the event of the accumulation of a directorship in accordance with the remuneration policy applicable to Directors in 2023 presented in section 4.2.1.2.c) of this Document.

For the 2023 financial year, Sophie ZURQUIYAH will not receive any compensation for her directorship.

c) Remuneration policy applicable to Directors in 2023

a. Directors

The composition of the Board of Directors as well as information relating to the beginning of, renewal of, and end of individual terms of office of each Director, are presented in the summary table in section 4.1.3.1 of this Document.

The Directors are appointed for a four-year term in accordance with the Company's articles of association.

b. Allocation rules applicable to the Directors' remuneration

i. Maximum annual remuneration for Directors proposed at the General Meeting

The General Meeting held on June 16, 2020 approved an amount of €550,000 of as aggregate annual remuneration of the Directors applicable since 2020 financial year. This total maximum remuneration remains unchanged for 2023 financial year in the absence of a new decision of the General Meeting.

ii. General distribution rules

The total amount of Directors' fees, as approved by the General Meeting, is divided into a fixed portion based on the function and a variable portion for meeting attendance, as well as a fixed indemnity per trip for Directors travelling from abroad. The variable portion based on the attendance at Board and Committee meetings has a higher weight in the total envelope compared to the fixed portion based on the function in accordance with the AFEP-MEDEF Code's recommendation (22.1).

The total amount paid to each Director is determined after taking into account the actual attendance at each Board and Board Committee meetings, knowing that for the purpose of calculating the remuneration, a strategy meeting will be assimilated to a Board of Directors' meeting. In case the final aggregate amount to be paid to the Directors reaches the maximum amount approved by the General Meeting, a *pro rata* calculation shall be done for each Director in order to respect and not exceed such maximum amount.

iii. Specific rules applicable to the Chairman of the Board, the Chief Executive Officer and the Director representing the employees

Chairman of the Boards of Directors

The Chairman of the Board receives:

- a fixed remuneration in his capacity as Chairman of the Board of Directors as described in section 4.2.1.2.a) of this Document;
- a variable portion in his capacity as Director, as well as a travel indemnity (if applicable), as set out in section 4.2.1.2.c) of this Document.

Chief Executive Officer

The Chief Executive Officer, who would also be a Director of the Company, does not receive any Directors' fees nor travel indemnity. The various remuneration components of the Chief Executive Officer are as described in section 4.2.1.2.b) of this Document.

Director representing the employees

The Director representing the employees, appointed pursuant to Article 8 of the Company's articles of association, does not receive any remuneration pursuant to his office as Director nor travel indemnity. He receives a salary pursuant to the employment agreement he entered into with the Company or any of its affiliates.

c. Amounts to be applied in 2023

For the 2023 financial year, based on the recommendations of the Appointment, Remuneration and Governance Committee and subject to the approval by the shareholders in the General Meeting to be held in 2023, the rules proposed will be broken down as follows, based on the number of Directors in office and the number of meetings expected to be held in the calendar year:
